

Quick Start Guide

Mobile Surveillance Unit — Setup Instructions

SETUP STEPS

STEP 1 — POSITION & SECURE

Move the cart to the desired location, then tighten the base leveling screws until the unit is stable and level on the ground.

STEP 2 — EXTEND THE MAST

Remove the extension pole from the base and attach it to the top of the existing mast. Secure using the **pack of screws located inside the cabinet**.

STEP 3 — MOUNT THE SOLAR PANEL

Extend the solar panel to the desired angle and fasten it in place using the provided mounting screws.

STEP 4 — CONNECT THE BATTERY

Open the cabinet door and plug in the **ORANGE** battery cable connector. Ensure the connector is fully seated before closing the cabinet.

STEP 5 — CONNECT AC POWER

Plug the AC power cable into a GFCI-protected outlet. Always connect AC power last.

⚠ IMPORTANT: Always connect AC power last. Ensure the outlet is GFCI-protected before plugging in. Do not operate during severe weather.
