

SITE SECURITY AND LIGHTING PLATFORM

Security Light Tower

AG-LT100 • SPECIFICATION AND APPLICATION DATA

A deterrence-grade security and lighting platform built for harsh operating environments. Lit perimeters reduce theft, vandalism and after-hours intrusion, and the AG-LT100 delivers that coverage from a hydraulically operated 25-foot mast with full 360° rotation and zero emissions. Built for secured sites, construction perimeters and remote deployments where visibility is the first layer of defence.

25^{FT}

Extended mast height

4 × 320_W

LED lamps

360°

Mast rotation

2,000_{LB}

Jack capacity

KEY FEATURES

- Maintenance-free LED lighting tower
- No generator set required
- Compact footprint reduces transport cost
- Zero-emission operation
- Daisy-chain multiple units on a single circuit
- Designed for harsh operating conditions
- CSA approved

LIGHT TOWER MAST

- Four 320 W LED lamps
- One 30 A three-phase twist-lock plug for power input
- 25 ft extended height
- 360° rotation
- Hydraulically operated mast
- All electrical connectors approved for outdoor use
- Electrical cord and hydraulic cylinder protected from accidental damage

BASE AND CHASSIS

- Durable 2,000 lb jacks
- Heavy-duty welded construction
- Forklift pockets and lifting bail
- Base powder-coated black

SECURITY APPLICATIONS

- Active crime deterrence through high-visibility lighting
- Secured construction sites and laydown yards
- Temporary perimeters and after-hours coverage
- Remote or off-grid asset protection
- Pairs with Aventyr mobile surveillance and 24/7 monitoring

Ready to deploy on your site?

Lighting is the deterrent layer. Pair the AG-LT100 with AutoGuard surveillance and Aventyr 24/7 monitoring.
